

Reading and Writing. Clara

Hello there!

My name is Clara and I am fourteen. I am a student in a Secondary School in Santander, my home town. Last year, I studied 2nd ESO and I did a special test, similar to this one...You are doing the test just now, aren't you? Don't worry. It is not very difficult, but you have to pay attention...

I am going to give you some information about me, and then you must answer some questions:

I haven't got any brothers or sisters, but I have three cousins.

Their names are Borja, Begoña and Jairo. They are twelve, fifteen and twenty. I like spending my time with them and my friends. We share many things. For example, we sometimes do our homework together, play games or visit each other... Also, I love going shopping with Begoña and my best friends, Alba and Juan. I don't like going with my mum because she always tells me what to buy and I have my own likes.

My favourite subject is PE. However, I don't really like sport so much. I love music because it is fun. I play the guitar, and next year, I am going to join a pop music band!

That's all for now! I hope your test is ok!
